BILLING CODE 6820-36-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 150-00032 License No. (General License) EA 95-101]

TESTCO, Inc. Greensboro, North Carolina; Order Imposing Civil Monetary Penalty

I

TESTCO, Inc. (TESTCO or Licensee), located in Greensboro, North Carolina, holds Byproduct Materials License No. 041-0894-1 issued by the State of North Carolina under an agreement with the Nuclear Regulatory Commission (NRC or Commission) pursuant to subsection 274b of the Atomic Energy Act of 1954, as amended. The license permits the possession and use of byproduct material for industrial radiography activities in accordance with the conditions specified therein.

II

On September 9, 1992, while conducting an inspection of another NRC licensee, an NRC inspector obtained information which indicated that TESTCO had performed radiographic activities in areas under NRC jurisdiction. A review of NRC records revealed that TESTCO did not possess an NRC specific license pursuant to 10 CFR 30.3, nor had TESTCO notified the NRC of its activities by filing an NRC Form-241 as required by 10 CFR 150.20(b)(1).

The requirement that an Agreement State licensee must file Form-241 before conducting a licensed activity in a non-Agreement State allows NRC to be informed of the location and duration of the activity and permits NRC to inspect licensed activities as appropriate. Since August 9, 1991, NRC has required a fee for the filing of Form-241.

Between November 16, 1992 and April 25, 1995, an investigation was conducted by the NRC Office of Investigations (OI) to determine whether TESTCO performed radiography in non-

Agreement States and deliberately withheld notification from the NRC by failing to file Form-241s. In addition, an inspection of the Licensee's performance of activities in areas of NRC jurisdiction was conducted on August 31 and September 6, 1994. The results of the inspection and investigation indicated that the Licensee had not conducted its activities in full compliance with NRC requirements. Specifically, OI concluded that TESTCO, Inc., while a State of North Carolina radioactive materials licensee, performed radiographic services in Virginia, a non-Agreement State, and its Radiation Safety Officer deliberately withheld notification to the NRC by his failure to file the required NRC Form-241s regarding those activities. A written Notice of Violation and Proposed Imposition of Civil Penalty ("Notice") was served upon the Licensee by letter dated October 31, 1995. The Notice stated the nature of the violation, the provisions of the NRC's requirements the Licensee had violated, and the amount of the civil penalty proposed for the violation.

The Licensee responded to the Notice in letters dated December 20 and 21, 1995 ("Reply"). In its Reply, the Licensee denied the violation and requested a hearing. As the basis for the Licensee's denial, the Licensee contended that prior to October 3, 1994, which the Licensee described as the date of "the issue of NRC Manual Chapter 1220," the NRC did not have a tracking method in place for processing NRC Form-241s and that TESTCO had located copies of NRC Form-241s filed prior to that time.

By letter dated December 28, 1995, NRC responded to the Licensee's request for a hearing, indicating that a request for a hearing on this issue was premature and requesting that TESTCO provide to Mr. James Lieberman, Director, NRC Office of Enforcement, at the address specified, any additional documentation that was relevant to the case by January 27, 1996. The NRC letter further advised that even if the documentation was incomplete, TESTCO should still provide whatever documentation it had to support its position. During a telephone conference held on January 31, 1996, as confirmed by letter dated February 1, 1996, NRC granted an extension giving TESTCO until February 7, 1996, to provide to the NRC Office of Enforcement any documents that it had in its possession or control which might rebut the October 31, 1995 Notice, including any NRC Form-241s and any checks for reciprocity fees regarding work performed in Virginia from January
